Re: Request for Information Pursuant to Section 104(e) -
Powell Road Landfill, Huber Heights, Ohio -
Extension Request

Dear Mr. Mateer:

We are in receipt of your 104(e) information request regarding the Powell Road Landfill in Huber Heights, Ohio. City staff has commenced researching its records to respond to that request for information. The request pertains to an extended period of time and will require searching for records which may be stored in a retention center.

By letter dated May 31, 1993 the City requested that the U.S. EPA provide it with information it has leading to the City of Springfield being named as a potentially responsible party in the Powell Road Landfill matter. That data would be helpful in assisting the City to search its records for information pertaining to the Powell Road Landfill. As of this date that information has not been provided by the U.S. EPA.

In view of the foregoing, the search for information will require more than the thirty days designated in your June 3, 1993 letter. Accordingly, the City of Springfield hereby requests an extension to respond to the 104(e) request to August 2, 1993.
